

If there are businesses you are working with in a new way this year and where the business is investing at least £1,000, you may be able to apply to the Arts & Business Reach scheme for additional money to enhance the relationship. To find out more, have a look at the [guidelines](#) on our website.

The next South East deadline for the programme is Monday 24th September. The next scheduled deadline after that is 4th Feb, though there may be an interim deadline in December.

We recognise that there are certain projects for which our deadlines might not be ideally suited and for that reason we will in exceptional circumstances consider applications outside our regular deadlines.

If you would like to know more please phone our Brighton office on 01273 738 333 or our Eastleigh office on 023 8061 9172.
