

# Agenda

Meeting: **Cabinet**  
Date: **23 March 2022**  
Time: **5.00 pm**  
Place: **Council Chamber - Civic Centre Folkestone**

To: **All members of the Cabinet**

All Councillors for information

The cabinet will consider the matters listed below on the date and at the time and place shown above.

This meeting will be webcast live to the council's website at <https://folkestone-hythe.public-i.tv/core/portal/home>.

Although social distancing rules have been relaxed, for the safety of the public, elected members and staff, we will continue to seat members of the public approximately one metre apart. This means that there will be 13 seats available for members of the public, which will be reserved for those speaking or participating at the meeting. The remaining available seats will be given on a first come, first served basis.

All attendees at meetings are kindly asked to wear face coverings, unless they are addressing the meeting.

5. **Review of Risk Management Policy and Strategy and Corporate Risk Register (Pages 3 - 4)**

This report presents an updated Risk Management Policy & Strategy for adoption by Cabinet which will provide a framework for Members and officers in the management of risk. This report also provides Cabinet with an updated Risk Register, as considered by the Audit and Governance Committee on 16 March.

**Addendum to agenda item 5 – C/21/95 –  
Review of Risk Management Policy and Strategy and Corporate Risk Register  
Recommendations from the Audit and Governance Committee meeting held on  
16 March 2022**

That, within the Policy and Strategy document in paragraph 4.2 (Corporate Risks) (Page 50 of your Cabinet agenda packs) an amendment be made as follows:

That the sub-category of “Environmental – those relating to environmental consequences e.g. climate, weather, ground conditions” be more specifically written to address climate change risks, to read:

- Climate Change, Sustainability and Environmental – those risks relating to the environmental impacts of climate change, greenhouse gas emissions, water consumption, flooding, weather related risks, ground conditions and broader sustainability matters.
