RECOMMENDATIONS:

1. To receive and note report A/21/31.
2. To approve the 2022/23 Capital Strategy, including the Prudential Indicators, set out in appendix 1 to this report.
3. To approve the Minimum Revenue Provision (MRP) Statement for 2022/23 set out in appendix 2 to this report.

1. INTRODUCTION AND BACKGROUND

1.1 The Capital Strategy is a requirement of the Chartered Institute of Public Finance and Accountancy's (CIPFA) Prudential Code. The Prudential Code is a framework which should support local strategic planning, local asset management planning and proper option appraisal. The objectives of the Prudential Code are to ensure, within this clear framework, that the capital investment plans of local authorities are affordable, prudent and sustainable. Authorities are required by regulation to have regard to the Prudential Code when carrying out their duties in England and Wales under Part 1 of the Local Government Act 2003.

1.2 The main purpose of the capital strategy is to provide a high level summary of how capital expenditure, capital financing and treasury management activities contribute to the provision of local public services, along with an overview of how associated risk is managed and the implications for future financial sustainability. It is intended to be written in a way to enhance stakeholders understanding of these sometimes technical areas. The capital strategy for 2022/23 is set out in appendix 1 to this report.

The areas to be covered in this strategy are:

- Capital expenditure
- Borrowing
- Minimum revenue provision
- Investments (treasury, service and commercial)
- Guarantees and loan commitments
- Knowledge and skills

1.3 The capital strategy also includes the Prudential Indicators for capital expenditure that set controls to ensure the Council's capital investment plans are affordable, prudent and sustainable, required under the Prudential Code. The Prudential Indicators are required to be approved by full Council as part of the capital strategy.

1.4 The capital strategy also sets out the Minimum Revenue Provision (MRP) Statement for 2022/23 required to be approved by full Council and is set out in appendix 2 to this report. The DLUHC is currently reviewing its MRP Guidance to local authorities. Should the review impact on the proposed 2022/23 MRP Statement this will be reported to Cabinet as soon as possible.

1.5 The capital strategy should be considered alongside the investment strategy, due to be considered separately as part of this agenda. Like the capital strategy, the investment strategy is also required to be adopted by full Council.

1.6 The capital strategy is required to be reviewed annually as part of the authority's budget setting process. However, if the nature and structure of the authority's proposed capital expenditure and financing was to change significantly during the year it may be necessary to revise the strategy at the same time.

1.7 The capital strategy contains a number of links to other documents. Several of these will also be considered by full Council on either 10 or 23 February 2022 as part of the budget process. It is therefore proposed to add these links to the capital strategy once it is adopted in February and to create to a dedicated web page to provide a link for it together with those for:

- Investment Strategy 2022/23
- Medium Term Capital Programme to 2026/27
- HRA Capital Programme 2022/23

2. RISK MANAGEMENT ISSUES

2.1 A key element of the capital strategy is to consider the risks associated with our approach to the capital programme, capital financing and treasury management activity. These issues have been addressed in the body of the appendix and no other risk management issues have been identified as relevant to this report.
